

Fast Track with **5 Months** Academic Study + **5 Months** Internship

Master in International Business in Hotel Management programme which combines academic learning and practical training is designed to meet requirements of employers in hospitality industry. It is a rapid gateway to **complete this master programme in 10 months**. Bachelor degree holders in any disciplines are all welcomed to apply.

This programme will be able to accelerate students' business acumen by applying newly acquired skills to manage the highly growing business of hotel operations. The study journey will take them through learning theories and applying practical domains of the essential building blocks within the world of hotel management. From **Food & Beverage, Front Office, and Rooms Division to Events & Banqueting, Marketing and Revenue Management**, the multifaceted nature of the hospitality industry is covered. The capstone module directs students to draw on all their areas of study throughout the programme, as they bring together their newly acquired skills and competences when they present their final applied management project for launching their own new hotel.
